**How many roads must a man walk down  
Before they call him a man  
How many degrees must the temperature rise  
Before he will understand  
How much carbon can the chimneys emit  
Before they are forever banned  
The answer, my friend, is blowing in the wind  
The answer is blowing in the wind**

**How many years will the glaciers exist  
Before they are washed to the sea  
How many years can some people exist  
Before they can see what will be  
How many times can a man turn his head  
And pretend that he just doesn't see  
The answer, my friend, is blowing in the wind  
The answer is blowing in the wind**

**How many times must a man look up  
Before he can see the sky  
How many ears must one man have  
Before he can hear people cry  
How many droughts will it take till he knows  
That too many pastures have dried  
The answer, my friend, is blowing in the wind  
The answer is blowing in the wind**
