

## *Damage done*

*I saw the kilns for making cement*

*I saw the blast furnaces where coal is spent*

*Oh, oh, is this development?*

*I saw the power plant with chimneys high*

*I saw the smoke against the morning sky*

*Why, why, tell me why?*

*I saw the cars waiting to be filled*

*I saw the green meadows in the hills*

*Who'll stop the climate change, who will?*

*I sing the song because I love the land*

*there's some of you who don't understand*

*Oh, oh, it's getting out of hand*

*I see our future and the damage done*

*a little part of it in everyone*

*Oh, oh, it's just begun*

*But there are other ways of doing things*

*It's up to us what tomorrow brings*

*Oh, oh, the damage done*

*But when I think that we could do right*

*tears of rage do blind my sight*

*Oh, oh, the damage done*
